

IT COSTS \$1.50 OR A HUMAN LIFE TO STOP THE PASSENGER TRAIN

The direct interrogative, "How much does it cost to stop a passenger train?" was propounded to C. L. Cline, local claim agent for the Santa Fe company, by an Optic reporter today. The ready response came: "A dollar and a half, and at every click of a clock the Santa Fe Railway company pays out the price of the finest residence in this city," emphasized the adjuster of claims.

The same inquiry was made of William Lewis, the local car foreman, who replied without a moment's thought: "It costs your life sometimes to stop a train."

And so it does. Both answers were not far from being correct.

CURVES AND CUT-OFFS.

Toribio Sanchez has quit the employ of the Santa Fe company here and left for Raton and Trinidad on No. 8 this morning.

Special Officer J. H. Green went up to Raton from this city last night.

Switchman F. Devine had charge of an extra switch engine in the local yards last night, being assisted in jamming cars together by Brakeman H. F. Fothergill and Brakeman J. S. Bryant.

Brakeman E. Stuart is holding down the head end on passenger for J. F. Mulhern during the illness of the regular man.

Charles Brand, assistant foreman in the Santa Fe shops at Albuquerque, left for Point Richmond, Cal., to which place he has been transferred. His family will leave to join him in the California town April 1st.

The full crew bill, providing that three brakemen must be assigned to each freight train of fifty cars or more, was passed by the California senate at Sacramento and now goes to the governor for his signature.

Ill health has forced George Montgomery, for years traveling auditor of the Santa Fe, to resign at San Bernardino, Cal., and seek other climates. Stanley Wood, of the general office in Los Angeles, has been appointed to succeed Mr. Montgomery.

Henry Pierce, the oldest car inspector in point of service in Las Vegas, having been employed in this capacity here for the past 23 years, has been transferred to Vaughn, N. M., a division town on the Belen cut-off. He departed for that place on No. 7 last evening. His family will remain here for the present.

Fireman Mike Nelson was transferred to the Belen short line yesterday, to be stationed at Belen, New Mexico.

The chief clerk at the division foreman's office in Las Vegas is now proudly seated at a handsome new desk which was designed and made by E. Marcotte, a carpenter who is strictly up to date in handling tools.

J. D. Blea, of the roundhouse force of painters, is preparing himself for a lonely time of it. His wife will soon leave on a visiting trip to Los Angeles, Cal., and other places in that state.

The government is furnishing the labor for the building of the Santa Fe branch from Cutter, N. M., to the

Hyomel (pronounced High-o-me) will give the sufferer from catarrh joyful relief in five minutes.

It is such a remarkable cure, and so positive in its action, that E. G. Murphy goes so far as to guarantee it to cure catarrh or money back.

A complete outfit, which consists of a hard rubber pocket inhaler, a bottle of Hyomel, and a unique dropper for filling the inhaler, only costs one dollar, and if an extra bottle is afterwards needed the price is only 50 cents.

Hyomel is a healing, antiseptic balsam, taken from the mighty eucalyptus trees in the health-giving forests of Australia, where diseases of the respiratory tract are unknown.

All the sufferer has to do is to inhale the antiseptic air of Hyomel over the inflamed parts where the germs are entrenched, three or four times a day.

It cures coughs, colds, asthma, hay fever and croup without stomach dosing.

On An Official Visit.

Alfred W. Cooley, assistant U. S. attorney general, who has been making his residence at Silver City, Grant county, of late for climatic reasons, and who though fully restored to health, desires to make New Mexico his home, is in Santa Fe.

Mr. Cooley was a member of President Roosevelt's famous "Tennis cabinet" and also stands near to President Taft and it is understood that he is in Santa Fe on official matters of a confidential nature.

Strict Anti-Gambling Law.

The Nevada assembly at Carson City, by a vote of 41 to 5, on St. Patrick's day concurred in the separate amendments to the anti-gambling bill. The measure now goes to the governor, who has intimated that he will sign it. The law becomes effective October 1, 1910.

An Ideal Cough Medicine.

"As an ideal cough medicine I regard Chamberlain's Cough Remedy in a class by itself," says Dr. R. A. Wilshire, of Gwynneville, Ind. "I take great pleasure in testifying to the results of Chamberlain's Cough Medicine. In fact, I know of no other preparation that meets so fully the expectations of the most exacting in cases of croup and coughs of children. As it contains no opium, chloroform or morphine it certainly makes a most safe, pleasant and efficacious remedy for the ill it is intended." For sale by all dealers.
